Ben,

Attached is a draft response to comments for the Oxitec EUP application for OGC review, this incorporates OGC responses you provided on Friday. There are a couple formatting issues in the last section, however in the interest of time for you to review we are sending now, if we get that fixed today I will send an updated document. We ask OGC to provide comments by COB on Friday, April 17. We understand it's a short timeframe, but our PRIA date is April 23<sup>rd</sup>.

Thanks.
